It must be clearly understood that neither THE STAR nor its editor is responsible for opinions expressed by correspondents.

Gov. Hanly, of Indiana, has laid down the rule that no man who drinks liquor can have a place under his administration. This does not mean the man who gets drunk; one nip a week, or a month, is enough to disqualify any applicant for Gov. Hanly's favor. He will have only teetotalers to help him run the administration.

The New York Press, a Republican newspaper, says: "Nothing that the Fifty-eighth congress has done, of its own volition, earns for it the smallest spark of gratitude from the American people." That comment was printed on March 3rd. Next day the Fifty-eighth congress adjourned sine die, which suggests that the Press ought now to make an exception in its harsh criticism.

The mystery of the cause of the death of Mrs. Stanford may turn out to be no mystery at all. When the poison story was so sensationally and widely circulated some of her relatives expressed the opinion that it would be found she had died from natural causes, that she had been in poor health for a considerable time. And now comes the report from Honolulu that no trace of strychnine has been found either in the dead woman's stomach or in her medicine. Further inquiry may show that she died of heart disease.

Mr. Geo. F. Paddison, the general manager of the East Coast Lumber & Supply company, writes the editor of THE STAR, from Eau Gallie, as follows: "I am sure you will be glad to know that the recent cold snap seems to have had very little effect upon building in our county. The business in our three yards, at Titusville, Eau Gallie and Fort Pierce, shows an increase over the corresponding months last year." The above statement should most effectually choke off the croakers who seem to take a pleasure in spreading their pessimistic views broadcast through out the land.

We are informed that a petition has been circulated asking that the mail route from Titusville to Canaveral be changed by the postoffice department to via Georgiana. The recent unusually low stage of water in Banana creek which has hampered the contractor, Capt. Fischer, from making regular schedule trips, has been seized upon as an excuse for making the change. We have interviewed a number of the people living in the Canaveral section and they seem generally to prefer that the present route be maintained. The contractor has had adverse conditions to meet this season, but has met them with a persistency that has caused admiration, and we believe that with ordinary conditions he has placed himself in position to carry the mails and parcels and passengers in future to the satisfaction of all parties concerned.

FINED FOR ILLEGAL FISHING.

This week H. Parks, Fred Parks, Henry Redding, L. Harris and Edward Haynes plead guilty to catching fish in waters of Indian river with haul seine or drag net, and they were fined \$50 each and costs.

Judge Penney, in fixing the penalty, said that he would be light in this instance, but that hereafter he would be very severe and make it no light matter for those using these haul seines and drag nets; that no fish would be left and in the interest of the public as well as the fish industry haul seines and drag nets would have to go, and he wants it understood that violators of this law will hereafter be dealt with very severely.

We are pleased to note that Judge Penney intends to break up this illegal fishing, for the life of the fishing business and the sport of fishing as well depends upon the law being enforced.

FEMALE WEAKNESS

IS USUALLY PELVIC CATARRH.

Pe-ru-na Cures Catarrh Wherever Located.

WOMEN WHO SUFFER

Listen to What Dr. Hartman Proposes to Do for You Without Charge.

Doubtless hundreds of thousands of women all over the United States have seen Dr. Hartman's offer in the papers—how he has undertaken to treat every woman suffering with any form of female disease who will write to him, free of charge.

To those who have not heard of this it may be said that Dr. Hartman is a physician and surgeon of great renown in medical circles, especially in the treatment of those diseases which women alone have to bear.

He has arranged to answer all letters that are sent to him from women troubled with any form of female weakness, free of charge, giving the benefit of knowledge which has cost him forty years to accumulate.

The medicines he prescribes are within the reach of any woman, and she can get them at any drug store.

All she is required to do is to send her name and address, together with her symptoms, duration of sickness and age. Address Dr. S. E. Hartman, President of

of The Hartman Sanitarium, Columbus, Ohio.

Mrs. Senator Roach, of Larimore, N. Dak.; Mrs. Senator Warren, of Cheyenne, Wyo.; Belya Lockwood and Mrs. General Longstreet, of Washington, D. C., are among the prominent ladies who endorse Peruna.

Miss Helen Rolof, Kaukauna, Wis., writes:

"Several times during the past two years or more my system has been greatly in need of a tonic, and at those times Peruna has been of great help in building up the system, restoring my appetite and securing restful sleep."—Helen Rolof.

Miss Muriel Armitage, 36 Greenwood Ave., Detroit, Mich., District Organizer of the Royal Templars of Temperance, writes as follows:

"I suffered for five years with all the

irregularities, which brought on hysteria and made me a physical wreck. I tried doctors from the different schools of medicine, but without any perceptible change in my condition. In my despair I called on an old nurse, who advised me to try Peruna, and promised good results if I would persist and take it regularly. I kept this up for six months, and steadily gained strength and health, and when I had used fifteen bottles I considered myself entirely cured. I am a grateful, happy woman today."—Miss Muriel Armitage.

Miss Lucy M. Riley, 23 Davenport St., Cleveland, Ohio, writes:

"I wish to add my endorsement to thousands of other women who have been cured through the use of Peruna. I suffered for five years with severe backache, and when weary or worried in the least I had prolonged headache. I am now in perfect health, enjoy life and have neither an ache or pain, thanks to Peruna."—Lucy M. Riley.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
